

# Casperome®

BOSWELLIA PHYTOSOME®

## What better way to improve gut health

Three new human studies have demonstrated the effectiveness of Indena's **Casperome®** - Boswellia Phytosome® - in **supporting a healthy gut**. This ingredient is a **rich and complex extract** of natural resin that maintains the **original profile** and bouquet of the **Boswellia acids** to maximise efficacy. Two of the studies showed that Casperome® supports healthy inflammatory response, **maintaining physiological intestinal mobility, thus contrasting other unpleasant conditions such as bloating**. A third study evaluated the effects of Casperome® usage over six months, confirming its **efficacy, safety, benefits** and **excellent tolerability**. Indena's Phytosome® proprietary delivery system makes Casperome® effective at lower doses, as shown by a pharmacokinetic study demonstrating optimised bioabsorption of the main Boswellic acids.
