LYMPHASELECT®

YELLOW SWEET CLOVER STANDARDIZED EXTRACT

Please note this documentation is available for various countries all over the world and hence it may contain statements or product classification not applicable to your country. The claims made are in reference to ingredients only, hence they do not refer to finished products and they may not comply with Regulation EC n. 1924/2006. The marketer of any finished product containing any ingredient is responsible for assuring that the destination of the product and the claims made for the finished product are lawful and comply with all applicable laws and regulations of the country or countries in which the product is to be sold.

WHAT IS LYMPHASELECT®?

LYMPHASELECT® is a standardized dry extract from the aerial parts of *Melilotus officinalis* (L.), a plant known as Yellow Sweet Clover or King's clover, a name related to its alleged use by Henry VIII. Sweet clover has been traditionally used in the treatment of venous-lymphatic insufficiencies.

SPECIFICATIONS

LYMPHASELECT® is standardized to contain:

≥17% ≤20% of **triterpenoid acids** by HPLC

RECOMMENDED USE AND DOSE

LYMPHASELECT® is a yellow-brown powder and may be utilized in a variety of supplement formulations.

Recommended daily dose: 20-50 mg
